**Testimony for Mr. Drizan Shala**

Mr. Shala has now been working at our academy for several years. I as CEO is very happy for his dedication and high standards in getting things done.

In the sense of that EBA board of directors has decided to grant Mr. Shala a scholarship so he can start and finish PhD. At the university.

Once he has started, we intend to order Mr. Shala abroad in order for him be responsible for the coordination of instructors, training syllabus, and much more.

As EBA contract commence JULY 20, 2019. I expect Mr. Shala to be available at that time if you, he will lose the scholarship and EBA will take his employment under consideration.

We expect the Ministry of Education to support Mr. Shala and also our academy, who also are present in Kosovo, and soon to educate Army of Kosovo in NATO standards, so as you can understand it is important for Mr. Shala, for EBA and for the republic of Kosova.

My respect and high regards

EAST BRIDGE ACADEMY
